Mission

Dear Friends,

THANK YOU FOR BEING A COMMUNITY WE CAN COUNT ON!

Your commitment, your compassion - this is what enables us to continue providing a caring "home away from home" to transplant families in their time of need. And for that I would like to say thank you!

At Gift of Life Family House, we continue to make a positive impact on hundreds of transplant families traveling to Philadelphia by providing them with much-needed support services and affordable accommodations during their or their loved one’s life-saving transplant care. Last year alone, more than 400 transplant families counted on us for support and because of your generosity and commitment to our mission, we were able to provide them with exceptional care during their stay.

In this 2014 Annual Report, I am thrilled to share with you some of our recent accomplishments, statistics, program highlights and, of course, recognize those who help make our mission possible for transplant families.

Please accept my sincerest gratitude for your kindness and dedication. I hope that we can count on your ongoing support as we strive together to enhance the lives of the transplant patients and families we serve - both now and in the years to come.

With deepest gratitude,
Howard M. Nathan
President and CEO

A Message from the President

"By supporting the Family House, you are giving families a sense of one less thing to be concerned about. You're giving them peace of mind."
— Raquel Ross, liver transplant recipient

GIFT OF LIFE FAMILY HOUSE serves as a “HOME AWAY FROM HOME” for transplant patients and their families by providing temporary, affordable lodging and supportive services to those who travel to Philadelphia, Pennsylvania for transplant-related care.

Gift of Life Family House is a 501(c)(3) non-profit charitable organization.

In December of 2014, Gift of Life Family House held its 1st annual 40 Hours for the Family House Giving Tuesday challenge, and what a success! Beginning promptly at 8:00 a.m., participants had 40 hours to reach a goal of $480 or more on Crowdrise.com, a simple and accessible online fundraising platform whose sign-up fees are waiving for the challenge. It was just a few clicks away! 40 hours, 50 team members and 500 participants later, the challenge raised more than $27,000—surpassing our initial fundraising goal by 69%! $27,000 is enough to keep the Family House stocked with basic home necessities for one year for transplant patients and their families.

10th Annual Kidney Open Breaks Fundraising Record!

On Tuesday, August 5, 2014, Gift of Life Family House held its 10th Annual Kidney Open Golf Outing at the beautiful DuPont Country Club in Wilmington, DE. The challenge raised more than $50,000 to ensure that our patients and families have the best experience possible. Our partners and sponsors included Adopt-A-Family Program, Hosted by Howard C. Nast, President, President and CEO of Gift of Life Donor Program, and Dan Stinetti, CEO of Stinetti Executive Consulting. More than 100 golfers came out to support the Family House and golf an 18-hole scramble format tournament on the beautiful course. With bright blue skies and fresh cut grass, it was the perfect day!

Save the Date!

The 2nd Annual 40 Hours Challenge will be held on Giving Tuesday on December 1, 2015. The challenge will begin at 8:00 a.m. and we will have a special celebration on December 1, 2015 with more than 100 golfers coming out to support the Family House and golf an 18-hole scramble format tournament on the beautiful course. With bright blue skies and fresh cut grass, it was the perfect day!

### Home Cook Heroes Program

The Family House’s commitment to its guests extends far beyond providing a place to sleep. Through its Home Cook Heroes Program, the Family House ensures that guests also receive nutritious meals during their stay. From out of the realization that many transplant patients and their families don’t have the resources, time or money to prepare a healthy, home-cooked meal, the Home Cook Heroes Program brings in community volunteers to do it for them. In addition to providing meals, the Home Cook Heroes Program stocks the refrigerators and guest pantries at the Family House with food and cooking supplies. It also helps to underwrite the costs of operating the meal program, community family kitchen, beverage station and dining rooms.

### Caregiver Lifeline Program

The transplant journey turns lives upside down, not only for the patient but for their primary caregivers as well. Through the Family House’s Caregiver Lifeline Program, those individuals gain the support and information they need to meet the countless demands of their challenging role. The resources available through the program—which include a full-time social worker, online informational materials, and volunteer groups to help caregivers locate financial assistance, gain emotional support, maintain physical fitness, and connect with others in their same situations—have helped families of transplant recipients. The Family House’s full-time, licensed social worker provided $150,000 hours of counseling in 2014 to families staying at the Family House.

In 2014, 273 guests attended 44 caregiver support groups hosted at the Family House. The Caregiver Lifeline Program also actively works with the greater transplant community. Internally, it provided coordinator groups throughout the ELIO region with 19 patients and caregivers in attendance. The Transplant Lifeline workshop—which can be easily accessed from the Family House website—offers support to caregivers and patients through online learning tools. GofLifeline.com, a newsletter reaching more than 50,000 household, featured articles and tips throughout the year in the Caregiver Lifeline Support section.

### Adopt-A-Family Program

The nightly fee of only $40 per night to stay at the Family House is far below the actual operating costs. Because of your support, we can keep this price low, and also promise to never turn away a family who cannot pay. The cost of transplant-related care can be staggering. Insurance premiums, co-payments and deductibles vary widely depending on the patient’s health and the bad. Sat and chatted with people. Cried with people. Prayed with people... I felt comfortable.”

*Denise and Ken Fegley, liver transplant recipient*

Understanding the financial burden that families must bear, at Gift of Life Family House, we want to keep nightly room rates at a modest $40. The actual cost for providing lodging, meals, transportation, and other services to guests is $100 a night, creating a large gap that the Family House work to fill through contributions to our Adopt-A-Family Program. In 2014, 273 families cannot pay the full $40 per night. 1 in 5 families cannot simply absorb the full $40 per night fee and require support from the Adopt-A-Family Program fund. Through generous financial support from the community, Gift of Life Family House supplemented $1,249,889 of programs and operating expenses in 2014. This figure is based upon the actual cost of $160 per night.
